

EAGLES FLY ALONE

**We all have a destiny,
I must find my own.
Your path may not be for me,
Eagles fly alone.**

**I may be called an outcast,
Ridiculed or stoned,
But my spirit will always last,
Eagles fly alone.**

**I'm soaring on wings of happiness,
The end I know not where.
But I will not love myself any less
If my dreams are not there.**

**For though I must find them by myself,
Afraid I will not be.
When I need help from someone else,
God will fly with me.**

**If my child ever comes to ask
Why other kids do wrong,
I'll say other birds follow in packs,
But baby, Eagles Fly Alone...**
